WARNING:

Petitioner/applicant is cautioned to avoid submitting personal information in documents filed in a patent application that may contribute to identity theft. Personal information such as social security numbers, bank account numbers, or credit card numbers (other than a check or credit card authorization form PTO-2038 submitted for payment purposes) is never required by the USPTO to support a petition or an application. If this type of personal information is included in documents submitted to the USPTO, petitioners/applicants should consider redacting such personal information from the documents before submitting them to the USPTO. Petitioner/applicant is advised that the record of a patent application is available to the public after publication of the application (unless a non-publication request in compliance with 37 CFR 1.213(a) is made in the application) or issuance of a patent. Furthermore, the record from an abandoned application may also be available to the public if the application is referenced in a published application or an issued patent (see 37 CFR 1.14). Checks and credit card authorization forms PTO-2038 submitted for payment purposes are not retained in the application file and therefore are not publicly available.

Sir:

This Statement is submitted in support of Petition for Revival of an Application for Patent Abandoned Unintentionally (37 CFR 1.137(b)) (PTO/SB64), which is submitted herewith.

The above-identified application became abandoned for failure to submit the issue and publication fees in a timely manner in reply to the Notice of Allowance and Issue Fee Due, mailed November 8, 2005. Upon receiving the initial Notice of Abandonment mailed March 28, 2006, Petitioner responded by submitting a Petition to Withdrawal the Holding of Abandonment under 37 CFR §1.181(a) (referred to herein as the "first Petition to Revive") believing that Applicants had properly paid the Issue Fee and Publication Fee on February 8, 2006. The first Petition to Revive was submitted to the USPTO on April 5, 2006 along with a copy of the documents Petitioner had previously submitted to the USPTO on February 8, 2006 in an attempt to pay the Issue and Publication Fees for the present patent application.

PATENT

The USPTO mailed a Decision on the first Petition to Revive on July 24, 2006. The Decision denied the Petition because Deposit Account 50-1074 had insufficient funds to cover the issue and publication fees. The Decision suggested that Petitioner consider filing a renewed petition under 37 CFR §1.137(a) or (b) which Petitioner has hereby done.

In further support of the present Petition under Rule 1.137(b), Petitioner notes that it was never intended that Deposit Account 50-1074 reach a balance that was insufficient to cover the issue and publication fees for the present application and encloses a Deposit Account Statement of Deposit Account 50-1074 for the month of February 2006 that indicates on the day that the Issue Fee and Publication Fee were previously believed to be paid for the present application (February 8, 2006), the USPTO had accepted payment from Applicants to increase the balance of Deposit Account 50-1074 to greater than \$400,000.00. For convenience, the deposit of \$400,000.00 made on February 8 has been circled (see page 4 of 7).

In view of the above and as noted in Petitioner's Petition under 37 CFR 1.137(b), the entire delay in filing the required reply until the filing of a grantable petition was unintentional.

Respectfully submitted,
